PREFACE

India has one of the largest proportions of *population* in the younger *age groups* in the world. Approximately, one third of population of the country accounts for persons of less than 18 years of age.

2. The publication titled '*Results of Secondary and Higher Secondary Examinations*' is the collective effort of Department of School Education and Literacy, Ministry of Education along with all the Central and State Secondary and Higher Secondary Examination Boards of the country, both regular and open. The information is disseminated with a view of having a holistic dataset reflecting the Board Examination Results for both Secondary and Higher Secondary levels covering all the education board of the country.

3. In this current year's publication, more than 80 tables have been updated in tabular form for the year 2024 covering Annual and Supplementary Examination Results including Regular and Private Students as well as results of Open Boards for All Social Groups, Schedule Castes and Schedule Tribes. This edition contains information on total number of students appeared in examination, number of students passed and number of students passed with 60% or above marks.

4. Importance of having a comprehensive database on Examination results for all boards is much more needed. With this in view, it is expected that the results would be useful for the planners, policy makers, researchers, educationalists, academicians, student and general public.

5. Suggestions for improvement of the publication in content and quality will be highly appreciated and duly acknowledged.
